

Anthony Kelley

Cyber Security Analyst

(254) 226-7876 ◇ kelley.athonyk@gmail.com ◇ United States ◇ [My Portfolio/Personal Website](#) ◇ [LinkedIn](#)

SUMMARY

Highly motivated and results-oriented professional with 20 years of experience in logistics management, transitioning to a career in cybersecurity. Strong foundation in IT and cybersecurity, with a proven ability to analyze data, identify and mitigate risks. Experienced in leading and collaborating within teams. Possesses AWS Cloud Practitioner certification and actively pursuing additional security certifications. Eager to leverage technical skills and analytical mindset to contribute to a secure environment. My dedication toward technology and cybersecurity drives me to continually expand my skill set in this rapidly evolving field. I thrive on challenges and am eager to bring my tenacity and collaborative spirit to a Security Analyst role.

SKILLS

Cloud Services	AWS Services Knowledge	Amazon Web Services
Security	CIA triad	Incident Response
Programming	Python Scripting	Python (Programming Language)
System Administration	Linux Administration	Linux
Analysis and Research	Quantitative Research	Analytical Thinking

Logistics Manager

Aug '18 — Jun '22
Fort Riley, United States

- Managed the movement and ensured the security of over \$1.5 billion in property across six organizations; achieving a 97% shipping and return of equipment with 100% documented incidents.
- Trained 72 employees in logistics operations and security protocols (Command Supply Discipline Program).
- Turned around 12 underperforming logistics departments within a short time-frame. Leveraged data analysis from the GCSS-Army, an Enterprise Resource Planning (ERP) system, to identify inefficiencies and improve logistics processes.

Logistics Manager

Sep '16 — Aug '18
Fort Wainwright, United States

US Army

- Mentored 14 senior logistics personnel in the execution and implementation of policies that led to a 15% increase in company audits.
- Trained junior logisticians on security, to identify areas for improvement. Developed and implemented training programs; resulting in a 100% sensitive items accounted for and maintained properly.
- Planned and executed logistics support activities in fast-paced environments, achieving verifiable success in mitigating risks and ensuring operational efficiency.

Supply Sergeant

Jun '12 — Sep '16
Fort Cavazos, United States

US Army

- Established positive workplace environments and trained over 1,000 personnel in Sexual Harassment and Assault Response/Prevention (SHARP) as the Company's Victim Advocate.
- Oversaw projects and inventories exceeding \$275M. Orchestrated the redistribution / reallocation of over \$36M in excess equipment, returning essential funds to the Organization's budget.
- Developed and implemented Standard Operating Procedures (SOPs) in various areas (Logistics, Supply Discipline, Financial Investigations) for six organizations.

EDUCATION

Network Engineer, Cybertex Institute of Technology

Oct '23 — Aug '24
Killeen, United States

- AWS Certified Cloud Practitioner
- Security
- Linux

Master of Science in Psychology in Master of Science, Grand Canyon University

Aug '18 — Dec '20
Phoenix, United States

Bachelor of Science in Criminal Justice in Bachelor of Science, Texas A&M University

Aug '13 — Aug '17
Killeen, United States

CERTIFICATIONS

Google Cybersecurity Certificate

Jun '24

AWS Certified Cloud Practitioner CCP

Mar '24
